DIRECTORY

Illinois Healthcare Providers for Child Abuse & Neglect Investigations

2018

Produced by THE PEDIATRIC RESOURCE CENTER through a Children’s Justice Grant from the Illinois Department of Children & Family Services
PREFACE

The Pediatric Resource Center is pleased to provide you with the 13th edition of the Directory of Illinois Healthcare Providers for Child Abuse & Neglect Investigations. A complimentary CD of the Directory is being provided to you as part of the Children’s Justice Grant through the Illinois Department of Children and Family Services.

This Directory contains the most up-to-date information regarding healthcare professionals who provide medical examinations that evaluate children for sexual abuse, physical abuse, and neglect. Its purpose is to be a resource to professionals who are involved in child protective services by providing detailed information about each health care providers’ training and expertise in the area of child maltreatment. The 2018 Directory contains provider responses based on the 2017 National Child Advocacy Center accreditation standards. We have also included contact information for DCFS field offices and Children’s Advocacy Centers in order to provide an easy way to access multi-disciplinary teams throughout the state of Illinois.

Directory of Illinois Healthcare Providers for Child Abuse & Neglect Investigations is also available on the Pediatric Resource Center’s website, PediatricResourceCenter.org.

This Directory has been made possible thanks to the project leadership of Amanda Franklin, Outreach and Events Coordinator, Pediatric Resource Center.

Stephanie Johnson
Executive Director
Pediatric Resource Center

Pediatric Child Abuse and Neglect Medical Centers of Excellence

In 2016, the Illinois Children's Justice Taskforce designated Pediatric Child Abuse and Neglect Medical Centers of Excellence throughout Illinois. The concept of Medical Centers of Excellence is based on program standards established nationally by the Children’s Hospital Association. Each of the designated Medical Center of Excellence is under the medical direction of at least one physician certified as a Child Abuse Pediatrician by the American Board of Pediatrics. Pediatric Child Abuse and Neglect Medical Centers of Excellence work with multidisciplinary teams to provide intensive, real-time collaboration with effective communication and guidance regarding child maltreatment. Additionally, these Centers of Excellence offer advanced diagnostic and treatment services in consultation with numerous subspecialists and are regional/national leaders in child maltreatment and family violence intervention and prevention services. The Pediatric Child Abuse and Neglect Medical Centers of Excellence in Illinois are as follows:

- Ann & Robert H. Lurie Children’s Hospital of Chicago
- Children’s Medical and Mental Health Resource Network
- Child Advocacy and Protective Services (CAPS) at University of Chicago Comer Children’s Hospital
- Medical Evaluation Response Initiative Team (MERIT)
- Multidisciplinary Pediatric Education and Evaluation Program (MPEEC)
- Pediatric Resource Center (PRC)
- Stroger Hospital Division of Child Family Wellness & the Chicago CAC Medical Clinic

To learn more about Medical Centers of Excellence in Illinois, visit [http://www.childrensadvocacycentersofillinois.org/#/mdt-report/yi1x2](http://www.childrensadvocacycentersofillinois.org/#/mdt-report/yi1x2) to view the MDT Report entitled “The Urgent Need in Illinois for Unit-Based Multidisciplinary Teams to Investigate Child Abuse.”

Child Abuse Safety Program (CAST) at Carle Foundation Hospital

Our program serves the Carle Foundation Hospital referral area and largely sees inpatients at Carle where there are suspicions of neglect or abuse. Outside agencies and providers are welcome to call or email with concerns / questions at any time to review cases or even (when time and space permits) have certain patients seen in a non-emergent setting in clinic.

Clinic Address: Carle Foundation Hospital
611 W Park St.
Urbana, IL 61801

Mailing Address: Same

Phone Number: (217)383-3311     Fax Number: (217)383-4565
Program Website: none     Program Email: Brent.Reifsteck@Carle.com

Regular Business Hours: 24 hours / 7 days for emergencies. M-F 0700-1700 for non-emergency referrals

Children's Medical and Mental Health Resource Network

CMMHRN provides age appropriate victim sensitive medical evaluations to possible victims of child maltreatment. We have medical providers located throughout our service area to provide exams close to home, so our families will not have to travel long distances to receive an appropriate evaluation. Dr. Swafford is available for consultation or hospital inpatient evaluation as needed. In 2015, we launched a mental health learning collaborative to train area mental health providers in TF-CBT as well as a fellowship with the SIU-CMSW program, training masters level student in TF-CBT.

Multi-disciplinary Pediatric Education and Evaluation Consortium

The Multidisciplinary Pediatric Education and Evaluation Consortium (MPEEC) provides a mandated, coordinated, and collaborative response to Department of Children and Family Services (DCFS) cases suspicious for life-threatening child abuse for victims under three years of age. This response includes case coordination, forensic medical evaluation, criminal investigation, and child welfare investigation from the consortium members, including:

- Chicago Children’s Advocacy Center
- Chicago Police Department
- Illinois Department of Children and Family Services
- Ann & Robert H. Lurie Children’s Hospital of Chicago
- John H. Stroger, Jr. Hospital of Cook County
- University of Chicago Comer Children’s Hospital

As the program’s fiscal agent and provider of case coordination, Chicago Children’s Advocacy Center ensures that all partners have the resources and access to expert consultation necessary for them to comprehensively evaluate and investigate physical abuse cases. MPEEC partner hospitals provide on-site forensic medical evaluations for abuse to their patients and off-site expert consultation and evaluation to support the suburban and Chicago police investigations and child welfare investigations for children who are treated at area hospitals. When appropriate, partner hospitals provide additional on-site evaluation and follow-up care to the program’s clients. Both the Chicago Police and DCFS ensure that the children remain safe during an investigation and work toward identifying perpetrators in the case of inflicted injury or supportive services for accidental injuries. Additionally, the consortium provides training to its members and community providers to support comprehensive evaluations and assessment for physical abuse and advocacy in the form of policy implementation and review to ensure the rights of families and children.
