

SETTING UP UICOMP-SECURE WIRELESS ON WINDOWS 10

These instructions are for setting up access to the UICOMP-Secure broadcasted wireless SSID at the UICOMP campus when using Windows 10.

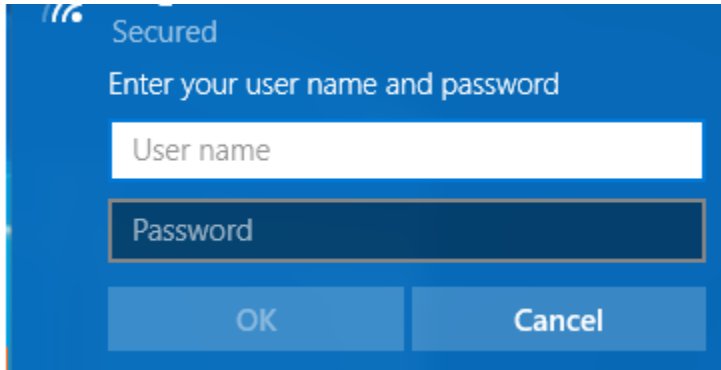

Click on the wireless icon near the time in the bottom right hand corner of the taskbar.

Select **UICOMP-Secure** from the list of available networks, and then click the **Connect** button. Windows will show its progress as it attempts to connect to the wireless network.

Sign in using **netid** and **password**

To check that you've connected successfully, click on the wireless icon again and you should see that you are connected to UICOMP-Secure.
