

## Setting up UICOMP-Student Wireless on Windows 10

These instructions are for setting up access to the UICOMP-Student broadcasted wireless SSID at the UICOMP campus when using Windows 10.

1. Click on the wireless icon near the time in the bottom right hand corner of the taskbar.

2. Select **UICOMP-Student** from the list of available networks, and then click the **Connect** button. Windows will show its progress as it attempts to connect to the wireless network.

3. Sign in using **netid** and **password**

A screenshot of a Windows 'Secured' dialog box. The dialog has a blue header with the word 'Secured' and a wireless signal icon. Below the header, it says 'Enter your user name and password'. There are two input fields: 'User name' and 'Password'. At the bottom, there are two buttons: 'OK' and 'Cancel'.

4. To check that you've connected successfully, click on the wireless icon again and you should see that you are connected to UICOMP-Student.
